Working together for your health and care

Shaping a healthier future

We want health and care to become much more than providing services for you when you are ill or injured. We want to focus more on helping everyone to live a healthy life and to stay well.

We want to share our ideas with you to help make health and care better across Bath, North East Somerset, Swindon and Wiltshire. Help us shape a healthier future by having your say on our priorities and letting us know what matters to you.

Find out more about these priorities and how to get involved on our website at bswpartnership.nhs.uk/about-us/shaping-a-healthier-future

Have your say

Between 2 November and 14 December 2021 you can be part of the conversation about this by completing our online survey at
